

Configure Single Sign-On

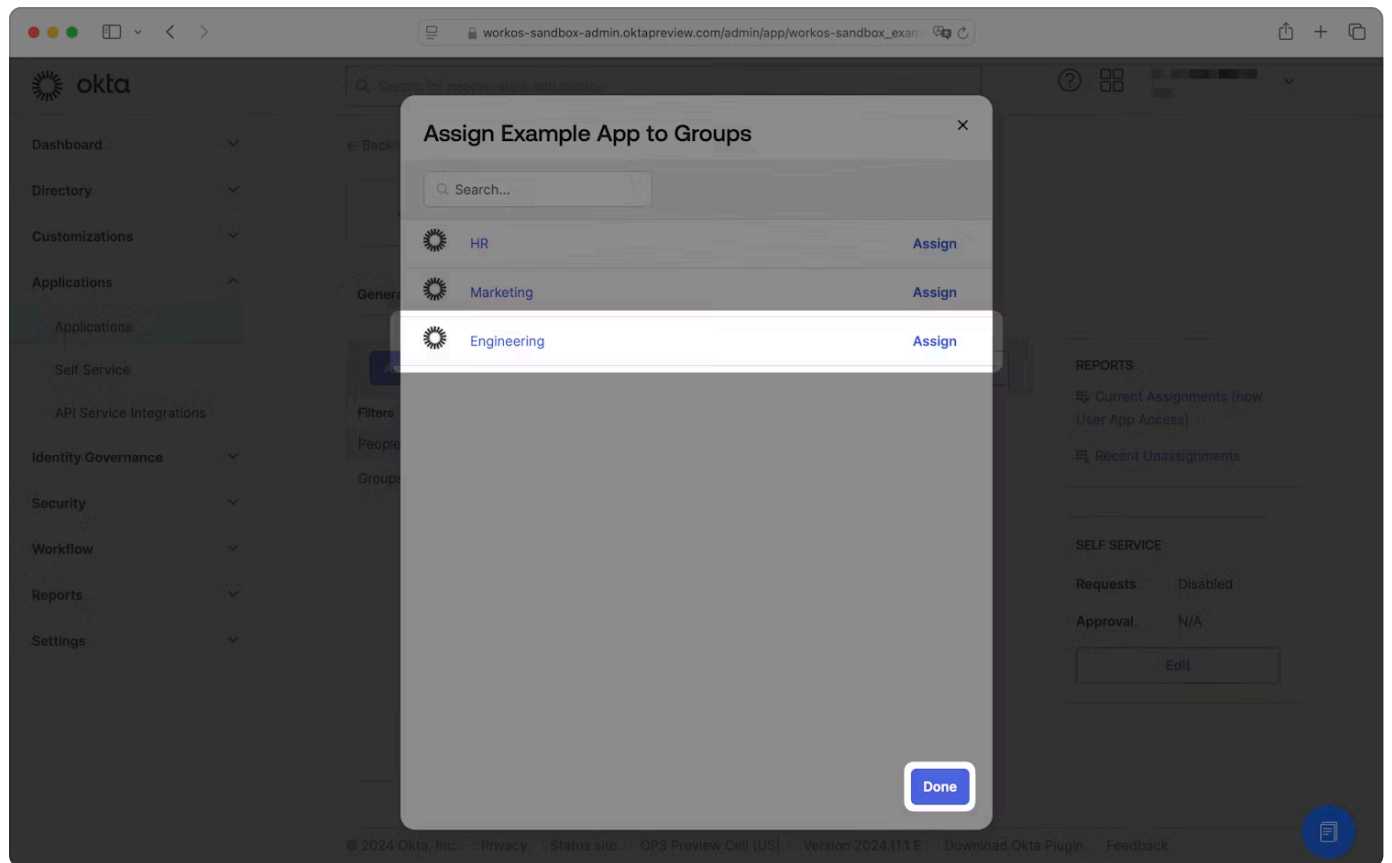

Step 5: Assign Groups to the SAML App

⚠ Your organization must have a verified domain in order to activate Single Sign-On. Please reach out to Cursor if you need assistance.

On the application settings page, select the **Assignments** tab. Click **Assign** and select **Assign to Groups**.

Assign the appropriate groups to the application. When you are finished, click **Done**.

✓ I've assigned groups to the SAML app
